PRIVATE EVENTS
WANDERLUST HOLLYWOOD is an expansive 12,000 sq.ft. modern community Yoga & Wellness Center in the heart of Hollywood. Arranged over three floors, the meticulously renovated venue houses an organic restaurant, an outdoor patio, a rooftop deck and three event studios. Whether you’re looking to host a product launch, breakfast, lunch, private dinner, cocktail party, lecture, screening, gala, conference, live music concert, film shoot, meeting, training, presentation, workshop, fitness class, wellness retreat or a spectacular event over several floors — we can host and cater your gathering. Our Center, like our world famous festivals, brings together experts and techniques that will turn your private event into an unforgettable experience.
ABOUT US

Wanderlust is the world’s pre-eminent yoga lifestyle brand with 70+ large-scale events around the world, multiple brick-and-mortar centers and a media network.

Wanderlust gathers experts, practices and recipes for living to help people cultivate their best selves – to Find Your True North.

THE GREATEST PLACE is our largest 3,800 sq. ft. vaulted bow-truss loft with exposed brick and Indian teak floors capable of hosting any type of event with up to 400 guests. Its ability to provide both natural and directed lighting makes this space incredibly unique, warm, welcoming and capable of transforming in many different ways. The Greatest Place offers a built-in 220 ft. stage with state-of-the-art audio, LED lighting, video projection from a 7,000-lumen projector and a retractable 16 ft. projection screen.
THE GREATEST PLACE

FUNCTION ROOM DIMENSIONS
THE PATIO is our cozy outdoor oasis landscaped with a variety of plants and flowers, furnished with wooden tables and seating. Our market string lights add the perfect touch to any night time occasion.
WANDERLUST CAFE is a full-service restaurant with an organic and local menu. The Cafe offers a fully staffed and equipped kitchen capable of serving top-notch catering for any event. Our in-house chef de cuisine will customize a menu around your requests. Options available for passed canapés or buffet style for 400 guests to 250 person sit-down dinners. In addition, Wanderlust offers unique off site catering menus.
MERCHANDISE

Merchandise your product in Wanderlust’s custom displays in our inviting retail space.
SECOND FLOOR
THE GALLERY AND THE LAB

Our second-floor adjoining spaces are perfect for smaller gatherings, breakout meetings or film shoots. Standing capacity of 40.

THE GALLERY is furnished with wall art, seven counter stools and a large countertop with glass windows overlooking our Cafe and outdoor Patio.

THE LAB is a program space for (lectures, meditation, yoga) with retractable pocket barn doors that allow the space to be closed for classes and open as a chill-out zone.
THE LAB AND THE GALLERY

FUNCTION ROOM DIMENSIONS
THIRD FLOOR
THE HAVEN AND THE SUMMIT

THE HAVEN is our magical mid-sized yoga venue located on the third floor with large windows, lots of natural light and a great sound system. It is approximately 1,200 square feet with a standing capacity of 100 guests. It is only available for rentals after practice hours or in a full buyout of the entire center.

THE SUMMIT is our rooftop deck offering custom benches, pillows, outdoor string lights and sweeping views of the Hollywood area. With a capacity of 30 guests, it is ideal for a VIP breakouts or any small gathering.

**PARKING**

Required 1 Valet Attendant per 20 cars.

We can accommodate 40 cars in our main lot and up to 200 cars with additional lots nearby; additional fees will apply.

**STAFF**

Wanderlust requires one of our expert site reps to be onsite during the entire rental period.

Event Insurance for all vendors, Cleaning Fee and Security Deposit will apply to each event.
THE GREATEST PLACE LIGHTING

Emulator system capable of creating customized scenes
(6) JB A7s and numerous wall-washers, long bars, par cans, bliss lights

AUDIO REINFORCEMENT SYSTEM

This system includes all the components necessary for the day-to-day audio operation of the Main Studio. This includes the main speaker arrays, out-fill speakers, subwoofers, audio processing/control systems, wireless microphones and infrastructure including all necessary conductor, interface panels, back boxes, rigging, network components and equipment racks. Primary subsystems include:

Main Speaker Arrays: Two hangs of three each (six total) QSC KLA12 small format line array speakers.

Out-Fill Speakers: Two Renkus-Heinz CF81-2 self-powered point source speakers.

Wireless Microphone System: Two channels of Shure QLX-D wireless.
- 2x QLXD4 - Diversity Receiver
- 2x QLXD1 - Wireless Bodpack Transmitter
- 2x QLXD2/SM58 - Handheld Wireless Transmitter with SM58 Microphone Capsule
- 4x SM31FH - Fitness Head-worn Microphones (two spares)
- 6x SB900 - Rechargeable Batteries (approx. 8 hours of operation per charge)
- 2x SBC200 - Slot Battery Chargers (each accommodates to devices, battery stays in device)

Infrastructure:
All necessary cables, conductor, connectors, adaptors, back boxes and equipment racks as needed for proposed design. The unit also has a 1/8” auxiliary stereo input for a wired connection.
THE GREATEST PLACE

LIVE PERFORMANCE

AUDIO SYSTEM SUPPLEMENT

Digital Console: Roland M200i EXP small format digital mixer/snake system.

The system includes the console, a 16GB iPad Air (which is the primary display for the console), and a snake head. The iPad is a powerful input device for the system, enabling the user to mix and operate wirelessly from anywhere in the room or docked to the control surface. The snake head has 16 inputs and eight outputs (which will be used for monitor mixes on stage) and interfaces to the console with a single cat6 cable (via interface panel on stage).

Stage Monitors: JBL PRX712 self powered two-way monitor speakers.

The on-board amp module features dynamic limiting which will protect the boxes from misuse. We are also include custom audio/power snake cables from Whirlwind which will simplify and clean up monitor deployment on stage.

Microphones, DIs, Stands and Cables Package

- Dynamic Vocal Mic Dynamic Instrument

THE GREATEST PLACE

VISUAL

Projector: One Panasonic PT-DZ770ULS DLP projector with lens. This is a 1080p DLP projector with 7000 lumens of output.

Motorized Front Projection Screen: One Da-Lite Tensioned Professional Electrol Projection Screen with an image area of 16' wide by 9' high (210” diagonal). This motorized screen will be controlled by the wall switch or configured to deploy automatically when the projector is turned on.

Video Interface: One DXW-2 Wall Plate HDMI/VGA Transmitter and one DXE-CAT-RX3 Video Receiver. This system allows the input of either HDMI or VGA input signals from the stage to be extended to the projector location over a single cat6 cable. The audio from these signals will be de-embedded from the HDMI (or input via 1/8” for VGA) at the projector location and then distributed to the audio processor.
